

# Guidelines for the Higher education application service at the Slovenian Ministry of Education, Science and Sport (Version 1)

Today, students wishing to apply for higher education studies at foreign universities have to manually fill in an online application form in the procedure portal and provide the required supporting evidence themselves, such as identity details or university diplomas.

The DE4A project helps applicants by providing an infrastructure that enables the direct exchange of evidence between competent authorities in EU Member States. Through this infrastructure, applicants can request that their evidence (e.g. university diploma) is automatically sent to the procedure portal from a trusted authentic source in their home country. Students retain full control over which evidence is sent across borders and which is not, by explicitly agreeing to each transfer of evidence.

This application service enables students from Universitat Jaume I (Spain) and the University of Lisbon (Portugal) to automatically transfer the required evidence for enrolment to any higher education institution in Slovenia (proof of higher education diploma) from a trusted source in their home country.

Below you will find information on how to authenticate with the service, explicitly request the transfer of evidence, preview your evidence, and submit an application.

## 1. Home page

The service is accessible at <http://sivas2.rrc.si/prijava/?lang=en> (see landing page in Figure 1).

Enrolment application for study (testno okno **eVŠ**)  
Visoko šolstvo v Sloveniji

CALLS FOR ENROLMENT | INSTRUCTIONS FOR COMPLETING THE APPLICATION | FAQ SLO | ENG

THIS PAGE IS PART OF THE TEST SYSTEM. TA CORRECT ADDRESS IS <https://evs.gov.si/prjava>

Continue to login with SI-PASS

How do I apply? >  
Digital certificates >  
What will happen to my application? >

Enter the enrolment application by clicking the "Continue to login with SI-PASS" button above, which will redirect you to the authentication service.

SI-PASS enables different types of authentication. You can proceed to the application with one of the electronic identities (qualified certificate, ArnesAAI-account or one-time password smsPASS) or with a username and password.

Due to the measures related to the control of the spread of the infectious disease COVID-19, the following regime applies:

- When submitting an application with a username and password, the printed application form does not have to be sent in printed form by registered post. A completed and electronically sent application on the eVŠ web portal is sufficient. The identity of the applicant will be verified according to Slovenian personal registration number (EMŠO), and for foreign citizens on the basis of an identity document.
- Supplemental documents to the application, if required by the call, can only be send electronically on this website via the "Continue to login with SI-PASS" button.

Before filling in the application you need to choose call for enrolment and type of application you will submit.

Link to instructions for filling in the application is at the top of this website.

REPUBLIC OF SLOVENIA  
MINISTRY OF EDUCATION,  
SCIENCE AND SPORT

Figure 1: Service landing page

## 2. Authentication at the service provider

Applicants must have valid national eID credentials to be able to use the service. You can start the authentication procedure by selecting the **Continue to login with SI-PASS** button on the home page (Figure 1).

Next, you need to select **Crossborder EU authentication** as authentication method and specify your country of origin (Figure 2).

The screenshot shows the SI-PASS login interface. At the top, it says 'REPUBLIKA SLOVENIJA GRANTS'. Below that, the title is 'SI-PASS' with the subtitle 'STORITEV ZA SPLETNO PRIJAVO IN E-PODPIS'. The instruction reads 'Please, choose your login method'. A dropdown menu is open under the heading 'Crossborder EU authentication - any level', showing 'ES' selected. A green 'Confirm' button is visible below the dropdown. Below the dropdown, there is a section labeled 'Nothing from the list'.

Figure 2: Country selection

When you click the **Confirm** button, you will be redirected to your national authentication service, where you can prove your identity with valid national means of identification. Spanish users can, for example, use national digital identity card (Documento Nacional de Identidad electrónico (DNIe)), while users from Portugal can obtain digital ids at <https://www.autenticacao.gov.pt> (Chave Móvel Digital or Cartão de Cidadão).

This document explains the authentication procedure in the case of Spain. A similar procedure exists for Portuguese students in Portugal.

The screenshot shows the Spanish authentication service interface. At the top, there are logos for 'clove' and 'eID connecting europe'. Below the logos, the title is 'Identificación con DNIe'. The instruction reads 'Por favor, introduzca su DNI electrónico en el lector y pulse el botón Confirmar.' Below the instruction, there are two buttons: a blue 'Confirmar' button and a grey 'Cancelar' button. At the bottom right, there is a small 'Accesibilidad' link.

Figure 3: Spanish authentication service

In the Spanish authentication service (Figure 3), you must first select **Confirmar** and then your means of identification.

If your eID is valid, the mandatory eIDAS data set (first name, family name, date of birth, national identifier) will be displayed by the authentication service (Figure 4). By clicking on the **Send** button, you agree to this data being sent to the study grants application service as proof of your identity. If you do not allow transfer of the identity data, select the **Cancel** button and the process will stop.

The screenshot shows a web interface for European authentication. At the top left, there are logos for the Spanish government and 'clove'. At the top right, there is the 'eID connecting europe' logo and a language dropdown menu set to 'English'. The main heading is 'European authentication with foreign eID'. Below this, a message asks the user to confirm sending their information. The displayed information is: Family Name: APELLIDOPRIMERO APELLIDOSEGUNDO, Date of Birth: 01/01/2000, National Identifier: 99999142H, and First Name: NOMBRE. There are two buttons: an orange 'Send' button and a grey 'Cancel' button. At the bottom right, there is a link for 'Accessibility'.

Figure 4: Authentication at Spanish eIDAS node

After successful authentication at the Spanish side and agreeing to the transfer of the identity data, you will be redirected back to the Slovenian eIDAS node (Figure 5).

As the e-mail information is not needed at this stage, you can simply click on the **Confirm** button and continue with the procedure.

The screenshot shows the Slovenian eIDAS node interface. The top header includes the Slovenian coat of arms, 'REPUBLIKA SLOVENIJA', and 'GRANTS'. The main heading is 'SI-PASS' with the subtitle 'STORITEV ZA SPLETNO PRIJAVO IN E-PODPIS'. Below this, it says 'Preview of data that will be sent'. There is a form with an 'Email:' label and an empty input field. At the bottom right of the form, there is a green 'Confirm' button.

Figure 5: Redirection to the Slovenian eIDAS node

### 3. Application form at eVŠ

Once your identity is confirmed, you can start filling the application form.

First click on **Nadaljuj** (Figure 6) and proceed to the list of active applications.

Figure 6: Redirection to active applications

On the list of active applications (Figure 7) you can start filling new application (button **Add**) or continue completing an existing one (select an application and click button **Edit**). The first call for enrolment is for the first Bologna degree, and the second for the second Bologna degree studies.

✎ Edit
🗑 Cancel the application
➕ Add

**Legend of buttons beneath the list of Active applications:**

**Edit** - This button opens the application for editing. Editing is possible until the status of application deadline is Open.

**Cancel the application** - This button cancels the application and deletes it from eVŠ. If you cancel the application in eVŠ, it is considered that the application was not submitted even, if you sent the printed form by mail. The application can be deleted as long as the status of application deadline is Open.

**Add** - This button opens new application form. The number of applications that can be submitted to the same call for enrolment is set by the call.

**Print** - This button opens or saves (depending on the settings of your web browser) a pdf document of the submitted enrolment application. Since the application was signed electronically this document is for your records and you do not sent it by mail.

**Print confirmation** - This button opens or saves (depending on the settings of your web browser) a pdf document confirming electronic signature of the application form. The document is for your records only.

**Legend of statuses of applications :**

**NOT COMPLETED** - Application is not completed.

**SIGNED WITH A CERTIFICATE** - The application is submitted and signed with a digital certificate.

**SENT ELECTRONICALLY** - The application was sent electronically with username and password.

**ANNULED** - Application is annulled.

**ELECTRONICALLY TRANSFERED** - Application, which was in status SENT ELECTRONICALLY or SIGNED WITH A CERTIFICATE, has been accepted for further processing in the information system of higher education institution. (Currently all higher education institutions do not have direct connections to the eVŠ, so that this status does not always show.)

Figure 7: Active applications

On the next page (Figure 8), you need to add missing personal information, such as your address, and then proceed with **Continue**.

This is a prototype for submission of an application for study in Slovenia. By using this process, you can request relevant information directly from us, and we'll provide you with the most current version that we have. You will be able to review the information, and can choose whether you want to use it or not. You are not required to request the information from us through this service. If you cancel, you will have the possibility of completing your procedure by searching for the information and submitting it manually. Note that this service is part of a pilot project DE4A. By selecting "Agree", you agree to participate in the pilot on a voluntary basis. You should only use the information that we make available to you for the purposes of completing the procedure, and to monitor that the procedure was completed successfully. See <https://www.de4a.eu/about-project> for further details.

Legend of modes of the completion of secondary school:

Figure 9: Explicit request

#### 4. Authentic source

After agreeing to the use of the DE4A infrastructure for transferring evidence, you will be redirected to a national authentic source of higher education diplomas.

In Spain, you will be redirected to the **Spanish Citizen Folder** homepage (Figure 10). There you can select the evidence to be transferred from Spain to the study grants application service in Slovenia, preview the evidence, and give your consent to the transfer and use of the evidence. First, you will need to authenticate yourself again.

Figure 10: Spanish authentic source for higher education diplomas

After selecting the **Authentication** button, you will be presented with several authentication options (Figure 11). You should select an identification method that corresponds to your national means of identification (e.g., Spanish national id card). In this document, we will use a digital certificate for cross border authentication and the **EU Citizens** method.

Figure 11: Selection of an authentication method

When you click on the **Access** button for the **EU Citizens** method, a country selection page is displayed where you need to select your country of origin (Figure 12).

# European authentication with foreign eID

A Spanish service provider has requested authentication of your identity using an eID from another country outside of Spain. Please, choose the country from where your eID was issued.

Spain

Figure 13: Spanish authentication service

Figure 14: Authentication at Spanish eIDAS node

## 5. Evidence selection

Once you have been successfully authenticated, you can select the evidence. Based on your identity, the Spanish Data Intermediation Platform will offer you a list of your higher education diplomas (Figure 15).

From this list, you can select one to be sent to the study grants applications service as proof of completion of higher education studies. The proof contains the following information about the completed studies: title, degree, name of the institution, main field of study, mode of study, duration, scope of study, and date and place of issue of the diploma.

You can request the diploma to be retrieved from the database by selecting the **Request Higher Education Diploma** button.

Figure 15: Evidence selection

## 6. Evidence preview

The retrieved diploma evidence is displayed next. You can check the validity of the information in the evidence, either as text (Canonical Evidence; Figure 16) or as a pdf (Download the evidence in PDF; Figure 17).
